Experience

TechXNavaya July 2026 – Present
AI Engineering Intern – AI Agency (Chatbots & Agent Integrations) *Delhi, India*

- Engineered **RAG pipelines** with context-aware retrieval, chunking, and embeddings to improve retrieval accuracy.
- Integrated **LLMs, OpenAI APIs, LangChain/LangGraph, Python, and FastAPI** to build intelligent AI applications and workflows.
- Built **AI chatbots and agents** integrated with third-party APIs, databases, and external tools for client automation.
- Developed and deployed **production-ready AI solutions** across multiple client projects from requirements to deployment.

Freelancer August 2025 – Present
YourDevelopers – Software Development Agency *Delhi, India*

- Developed and deployed **full-stack web and mobile applications** for **5+ clients** using React, Next.js, React Native, Node.js, and modern backend technologies.
- Delivered **end-to-end client solutions** including websites, mobile apps, REST APIs, payment integrations, and production deployments.

Projects

Fresher.AI – Agentic AI Career Preparation Platform | *React, FastAPI, LangGraph, Groq* GitHub | Live Demo

- Built an **Agentic AI platform** delivering personalized mock interviews, ATS resume analysis, and AI-generated career roadmaps for job-seeking students.
- Designed **adaptive AI interview workflows** with LangGraph and Groq, evaluating responses in real time and generating personalized feedback through a multi-agent evaluation pipeline.

CampusNinja – Student Campus Platform | *React Native, Node.js, Firebase* GitHub | Live Demo | Play Store

- Built a **cross-platform campus platform** with features for student services, campus resources, and community engagement across web and mobile.
- Developed and deployed the React Native application on **Google Play**, backed by Firebase and integrated with a responsive web platform.

Technical Skills

Languages: Python, JavaScript, SQL, C, C++
AI & GenAI: LLMs, GPT-OSS, Gemini, OpenAI, Whisper, TTS, RAG, Multi-Agent Systems, Prompt Engineering, NLP
AI Frameworks: LangGraph, LangChain, FastMCP, Agno, Qdrant, Sentence-Transformers, Reflection Loops, Guardrails
Backend: FastAPI, Node.js, Express.js, REST APIs, WebSockets, Redis
Databases & Cloud: MongoDB, MySQL, Supabase, Firebase
Tools: Git, GitHub, Docker, Postman, Vercel, Render

Hackathons & Achievements

Hacktoberfest 2025 – Open Source Contributor 2025
Contributed to Open Source Projects

- Contributed to open-source projects during **Hacktoberfest 2025**, collaborating with the developer community and successfully merging **10 pull requests** on GitHub.

HackSmart – 36-Hour Hackathon – Certificate of Achievement January 2026
Battery Smart, Gurugram | Powered by AWS & Code India Forward *Gurugram*

- Certificate: Google Drive Link

Education

Guru Gobind Singh Indraprastha University
Bachelor of Technology in Computer Science and Engineering, CGPA: 8.2/10 *Delhi, India*
